

PETITION FORM AND INSTRUCTIONS – 2024/25 SESSION

A petition is a written request for special consideration, because of illness or other circumstances, related to non-compliance with course requirements or impact on academic performance.

If a petition is submitted by the appropriate deadline, with a clear explanation of the circumstances, and any required documentation is provided, the request will be given prompt consideration. Petition decisions are based on the validity of the request. **Approval is not automatic and should not be taken for granted.** If students fail to observe deadlines or to organize their academic priorities, or if they have been negligent about their responsibilities, then special consideration will not be warranted. The petition process is not a means to salvage courses and/or the academic record.

Counselling: Students who feel that they have genuine difficulty complying with a particular course requirement should consult the Registrar and Director, Student Services as soon as they know a problem exists. The Registrar and Director, Student Services is able to advise students regarding petition policies and procedures.

Submitting a Petition: Complete the attached Petition Form and submit it, with any required documentation, by the appropriate deadline to the Registrar and Director, Student Services. On the Petition Form, under 'Your Statement', provide a clear and concise statement explaining the reasons why compliance with the course requirement is/was not possible, or why special consideration is being requested. The request will not be considered, and the petition form will be returned to the student if the statement provided is insufficient or illegible.

A petition should be submitted only when there are circumstances which are not only beyond the student's control, but which also could not reasonably have been anticipated or overcome, and which have affected the student's studies or impacted academic performance.

Petitions and supporting documentation must be submitted to the monitored inbox, pharmd.petitions@utoronto.ca, as attachments via e-mail.

Documentation: Relevant and appropriate documentation must be provided at the time the petition is submitted. In the absence of this documentation, the petition is not valid and a grade of '0' will be assigned for the missed evaluation. In the case of illness, a [University of Toronto Verification of Student Illness or Injury form](#) must be provided. Note that the physician's report must establish that the student was examined and diagnosed at the time of the illness, not after the fact. A statement that merely confirms a report of illness made by the student for documentation by the physician will not be sufficient. If the reason for submitting a petition is of a non-medical nature, the supporting documentation required will be determined based on the specific circumstances outlined in the petition. This documentation may include, but is not limited to, letters of support from Accessibility Advisors, death certificates, and automobile collision or police reports.

Deadlines: (also visit: https://pharmacy.calendar.utoronto.ca/section/pharmD#Missed_Examinations)

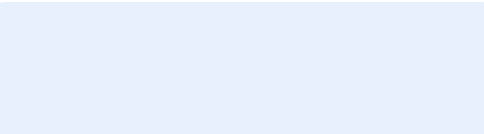

- **For missed assignments** petitions must be submitted no later than the due date for the specific assignment. If supporting documentation is not available at that point, the petition must be submitted by the deadline and the supporting documentation must follow within two business days. Students are advised to continue to work on the assignment while the petition is being processed to minimize any late submission penalties.
- **For missed examinations and other mandatory course/program requirements** petitions and supporting documentation must be submitted **within five business days** of the missed examination or course/program requirement. **Exception:** for examinations missed during the regularly scheduled examination periods (December and April), petitions must be submitted **on or before** the end of the examination period. If the supporting documentation is not available at that point, the petition must be submitted by the above deadline and the supporting documentation must follow within three business days.

Petition decisions will be conveyed to students via their University of Toronto e-mail account.

Students who are given permission to write make-up examinations or to make up other missed course/program requirements must pay a 'Special Examination' fee of **\$73.44 per examination or requirement.**

When students receive confirmation of their eligibility to make up the missed examination or other requirements, they will receive fee payment instructions and deadline information. **Failure to make arrangements for paying this fee by the deadline provided will result in the loss of privilege to make up the missed examination or requirement, and a grade of zero will be assigned.**
