

It takes innovation

Pfizer Canada strives to profoundly impact the health of Canadians through the discovery, development and delivery of medicines and vaccines.

Research and development is at the heart of fulfilling Pfizer's purpose as we work to translate advanced science and technologies into the therapies that matter most.

Pfizer Canada is pleased to offer a one-year pharmacy residency in partnership with the Leslie Dan Faculty of Pharmacy, University of Toronto. Our program is ideal for recent graduates in pharmacy programs with a career interest in Medical Affairs within Oncology, Specialty Care (Inflammation and Immunology, Rare Disease), and Primary Care (Vaccines, Internal Medicine and Hospital)

Industrial Pharmacy Residency Program Medical Affairs

Pfizer Canada ULC is the Canadian operation of Pfizer Inc., one of the world's leading biopharmaceutical companies. At Pfizer, we apply science and our global resources to bring therapies to people that help extend and improve their lives. We strive to set the standard for quality, safety, and value in the discovery, development, and manufacture of health care products. Every day, Pfizer colleagues work across developed and emerging markets to advance wellness, prevention, treatments, and cures that challenge the most feared diseases of our time. Consistent with our responsibility as one of the world's premier innovative biopharmaceutical companies, we collaborate with health care providers, governments, and local communities to support and expand access to reliable, affordable health care around the world. For 175 years, Pfizer has worked to make a difference for all who rely on us. Global headquarters are located in New York City, where the company was founded in 1849. Pfizer's Canadian footprint includes its headquarters in Kirkland, Quebec and a manufacturing site in Brandon, Manitoba.
