Industrial Pharmacy Residency Program

Specialty in Medical Affairs

Astellas Pharma Canada, Inc. is pleased to offer an exciting one-year pharmacy residency in partnership with the University of Toronto, Faculty of Pharmacy with a specialization in Medical Affairs.

The Specialty Residency in Medical Affairs is an ideal opportunity for a motivated and self-directed learner with a keen interest in understanding the strategic role of Medical Affairs within the Pharmaceutical Industry. The mission of Medical Affairs at Astellas is to turn innovative science into value for patients and society by understanding how the external environment views the value of Astellas therapies, and translating those insights into strategies and activities that fulfill our stakeholders’ current and future information needs to ensure the safe and appropriate use of our therapies.

The Medical Affairs Resident will work to support execution of Medical Affairs initiatives. Responsibilities of the position and functional area participation may vary based on business needs and may include:

- Medical Information (support updates and development of medical information responses; analyzing medical literature, reviewing promotional and non-promotional materials)
- Project management and execution of Medical Education plans
- Support Training, Process Optimization, Analytics & Metrics

Additionally, the resident would be required to complete a major project as outlined in the Residency Program’s Terms of Reference.
